A motion was made by Mr. Troutman and seconded by Mr. Cimino to approve the March Report. The motion carried with a 4-0 vote.

OLD BUSINESS

Mr. Wood gave a brief recap of the February meeting. He identified the categories projects would fall into and also explained the Board has decided to address one item at a time in order to see projects through from inception to completion. In February it was decided the focus would be on Gerald Richards Park.

Mr. Wood commented that Ms. Griffith attended a seminar regarding the Community Development Block Grant. Ms. Griffith reported that the projects submitted for these grants should be "shovel ready" or have most of the planning done. Since the projects at Gerald Richards Park should begin with the correction of the Stormwater Management problems, the focus for the purpose of this grant round should switch to Sanatoga Park. The upgrades in Sanatoga Park are much smaller in scale as well as feasible both financially and literally.

Ms. Griffith explained that the Parks and Recreation board needed to recommend the Board of Commissioners support the application for the improvements to Sanatoga Park through the Community Development Block Grant (CDBG). Mrs. Bleakley made a motion to recommend that the Board of Commissioners authorize and recommend the application for the Community Development Block Grant for improvements and upgrades to Santoga Park. The motion was seconded by Mr. Troutman and carried with a 4-0 vote.

NEW BUSINESS

There was no new business to discuss.
